His Sub-Collector and Assistant Collectors and any other persons whom the Governor in Council may appoint shall be designated Assistant Government Agents.

Officers in charge of a Revenue division of the Gódávari Agency shall exercise within their divisions all the powers which under any enactment in force in such divisions are exercised elsewhere by Subordinate and Assistant Collectors by virtue of section 3 of Madras Regulation VII of 1828 or otherwise.

Clause 2.—The Government Agent is empowered to appoint any of his principal native officers, or, with the sanction of Government, any other duly-qualified persons, to exercise, in such places and within such portion of the scheduled districts as he may consider proper, the jurisdiction vested in the District Munsifs of the Madras Presidency, subject to the modifications contained in these rules.

Clause 3.—Such Munsifs shall not have cognizance of any suits for real or personal property exceeding in value 300 rupees, nor shall they at any time have cognizance of any suit in which any Zamindar, or any Mansubdar, Muttadar, or other Feudal Hill Chief may be concerned.

Provided that, subject to the proviso to clause 3 of Rule II, the Government Agent may transfer any suit in which a Hill Chief is concerned, if both parties desire such transfer or consent thereto and if the value of the suit does not exceed Rs. 500, to the District Munsif within whose local jurisdiction the cause of action has arisen for disposal by him.

Clause 4.—The valuation of a suit will be made according to the provisions of section 7 of the Court Fees Act: provided that the Agent, an Assistant Agent, or any such Munsif may admit without payment of institution-fee any suit other than a suit brought to recover compensation for loss of caste, libel, slander, abusive language or assault, if satisfied that the plaintiff is not able to pay. Suits of the amount cognizable by the District Munsifs shall be instituted in the Courts of those Munsifs alone: provided, however, that the Government Agent shall be at liberty at his discretion to transfer to his own Court or to that of an Assistant any suit cognizable by a District Munsif, and that an Assistant Agent may similarly transfer any such suit to his own Court.

PUBLIC WORKS DEPARTMENT

Ootacamund, July 29, 1910.

The following Resolution of the Government of India is republished :—

No 105-R. P. of 1910.

RAILWAY DEPARTMENT

(RAILWAY BOARD.)

Simla, the 23rd June 1910.

Terms on which the Government of India are prepared to consider offers for the construction by the Agency of private companies of branch lines forming feeders either to State lines worked by the State or to railways worked by companies.

RESOLUTION.—In supersession of all previous orders on the subject, the following information is published detailing the conditions on which the Government of India will be prepared to receive applications for the grant of financial assistance to companies formed to provide capital for the construction of such branch railways as Government may be prepared to entrust to companies. The opportunity has been taken to consolidate the existing orders on the subject, and the terms offered have been made considerably more liberal in several respects.

2. The conditions on which concessions for the construction of branch lines will be granted are as follows :—

(i) The prospectus of the company to be formed for the purpose of providing capital for the line must be submitted to, and approved by, the Government of India before issue. The capital of the company must be expressed in rupees, and subscription must be invited only in India. The construction of the line will not be begun until the Government of India are satisfied that capital sufficient to meet the estimated expenditure has been subscribed.

(ii) The railway shall be built according to plans and estimates approved by the Government of India, and must conform to the fixed and moving dimensions for the time being prescribed. The gauge of the line, the route followed, the situation of stations, and details of a similar character shall be subject to the approval of the Government.

(iii) All land in British Territory, which is, in the opinion of the Government of India, required for the construction of the line, will be provided free of charge, including land permanently or temporarily required for quarrying ballast, for brickfields, and similar purposes.

(iv) The results of existing surveys will be made available to persons applying for concessions under these rules. In cases where this is considered advisable by the Railway Board, fresh surveys will be made at the request of promoters inquiring into the probable prospects of any projected line on the understanding that no preferential claim to a concession for the construction of the line is thereby established. If permission be eventually given for the construction of any line, the cost of all surveys, whether special surveys or surveys previously made by the Government, shall be included in the capital cost of the railway. The Government of India expressly disclaim all responsibility for the accuracy of any survey, plan, estimate, or other information supplied by them.

(v) Electric telegraphs and telegraphic appliances will be supplied and maintained by the Government of India at the charges and on the conditions in force for the time being for similar services on State railways.

(vi) Railway materials for the construction of the branch line will be carried over State railways at the special rates charged for similar materials belonging to State railways.

(vii) The Government of India will grant financial assistance to approved companies either in the shape of a guarantee of interest on capital expenditure, or of a rebate to the branch line company from the net earnings of the main line from traffic interchanged with the branch. Assistance in the latter form can only be promised where the main line is worked by the State, but the Government of India will, in other cases, endeavour to arrange on behalf of the branch line company a similar agreement with the company working the parent line. A rebate and a guarantee of interest cannot be granted simultaneously in respect of the same branch line:

(*a*) *Guarantee of interest*.—The Government of India will be prepared to guarantee from the close of the period during which interest is payable out of capital a fixed minimum dividend of 3½ per cent. on the actual capital expenditure on the railway to the end of the year in respect of which the dividend is declared, subject to the condition that all surplus profits which may be earned by the company in excess of 5 per cent. shall be equally divided between the Government and the company. This guarantee, where given, will remain in force until the line is purchased by the Government. Any sums payable by the Government under the guarantee shall be payable in rupees.

(*b*) *Rebate*.—When the branch line connects with a railway owned and worked by the State, the Government of India will be prepared to allow the company in respect of and at the end of each calendar year, by way of rebate, such a sum, not exceeding in any year the net earnings (exclusive of earnings derived from the carriage of revenue stores) from traffic interchanged between such State railway and the branch line as shall, together with the net earnings of the branch line, make up an amount equal to interest at the rate of 5 per cent. per annum on the actual expenditure charged to the capital account of the company. This undertaking will be subject to the proviso that, when the net earnings of the company, without the assistance of a rebate, suffice to pay interest at a rate exceeding 5 per cent., the surplus shall be divided equally between the Government and the company. The payment of rebate shall commence at the close of the period during which interest is payable from capital. Payments on account will, subject to subsequent adjustment, be permissible at the end of each half-year. For the purpose of calculating the rebate, the net earnings of the main line from traffic interchanged with the branch will be assumed to bear the same proportion to the gross earnings of the main line from such traffic as the net earnings of the whole main line system, including the branch, bear to the gross earnings of the whole system.

(viii) No concession will be granted with the form of assistance referred to in condition (vii) (*a*) above, until terms for the construction and working of the proposed branch line by the main line administration have been arranged to the satisfaction of the Government of India. If, in the case of a concession granted with the form of assistance referred to in condition (vii) (*b*), it be intended by the branch line company to construct and work the branch line itself, the amount to be spent each year on working expenses will be subject to the approval and sanction of the Government of India.

(ix) Where the main line is a railway owned and worked by the State, the main line administration will, if it is so desired, work the branch line for a percentage of the gross earnings of the branch. When the branch and main lines are of the same gauge, this percentage will usually be that obtaining on the whole system, including the branch, from time to time, but will not in any case exceed 50 per cent. of the gross earnings of the branch from all sources, and will include all charges on account of the use of the main line rolling stock, subject to the condition that the company shall, if and when required to do so during the continuance of the working contract, bear the capital portion of the cost as stated by Government of strengthening the permanent-way and bridges of the branch line to enable the rolling stock for the time being of the working railway to be used on it without restriction. Where the gauges are not the same, special working terms will be fixed in each case. When the main line is not worked by State agency, the Government of India, if desired to do so by the branch line company, will endeavour to negotiate similar terms for the working with the main line administration.

(x) No capital expenditure by the branch line company shall be recognised, as between the Government of India and the company, unless the prior sanction of the Government of India to that expenditure has been obtained. The company shall have no power to increase its share or stock capital without the sanction of the Government of India or the Secretary of State, or to borrow money, otherwise than for purely temporary purposes, except on conditions to be specified by these authorities.

(xi) The branch line company, if so required, shall keep accounts in forms approved by the Government of India, and they shall supply, free of charge, all accounts required by the Government. The accounts will be subject to audit by officers appointed by the Government.

(xii) Funds for the execution of new works chargeable to capital, which may be found to be necessary for the safety or efficiency of working after the branch railway has been opened to public traffic shall be provided by the branch line company. Such works, and their cost shall, when the branch railway is worked by the main line administration, be agreed upon between the branch line company and the main line administration before they are undertaken; in the event of any difference of opinion as to the necessity for, or the cost of, any such work, the matter shall be referred to the Railway Board, whose decision shall be final.

In the event of the branch line company failing to provide, after six months' notice, any additional capital for work required under this condition or conditions (ii) and (x) above, the Government of India shall be at liberty to supply the necessary funds, and to carry out the work, and shall be entitled to receive from the sums payable to the branch line company, by way of net earnings or rebate, interest at 5 per cent (or any lower rate that it may in special cases agree to accept) on funds so applied.

(xiii) Subject to the Law for the time being in force, payment out of capital will be sanctioned, during a period which may extend to the close of the half year in which the railway shall have been opened throughout for public traffic, of such sums as, with the interim net earnings, shall be required to pay interest at a rate to be agreed upon on the paid up capital of the company.

(xiv) Such expenses on account of administration of the branch line company as the Government of India may sanction may be charged during construction to the capital account of the company, and with effect from the date on which the line is opened for traffic throughout will be charged as follows:

(a) if the branch line company works its own line, as part of the working expenses of the line:

(b) if the company's line is worked by the main line administration:

(1) when the net earnings do not suffice to pay interest at 5 per cent. (or suffice to pay only 5 per cent.) on the capital expenditure, as part of the working expenses to be met out of the stipulated percentage of the earnings of the branch taken by the working agency:

(2) when the net earnings exceed 5 per cent. on the capital expenditure, as a first charge on surplus profits before division; provided that, if the surplus profits are insufficient to meet the administration charges, the balance will be paid by the working agency out of the stipulated percentage of the earnings of the branch taken by it.

(xv) The rates and arrangements in force on State railways as regards services rendered to other departments of State shall apply to the branch line. The branch line company shall also be liable when called on to provide, at such stations as may be ordered by Government, buildings for post office and quarters for post office staff at a charge not exceeding 7½ per cent. per annum on the capital cost of the said buildings and quarters.

(xvi) The Government of India reserve the right to fix and vary from time to time the classification of goods for tariff purposes, and the maximum and minimum rates for each class of goods and for passengers. They also reserve a general right of control in respect of the number and timing of trains.

(xvii) During the first year after opening of the branch line, or part thereof, the expenditure incurred on the maintenance of the line may be charged to capital.

(xviii) Notwithstanding anything in the preceding clauses, expenditure due to extraordinary accidents and casualties, or to defects and their consequence in the construction of the line or in any part thereof, shall be met by the branch line company, in addition to the percentage of earnings payable to the main line as working expenses, and shall be charged against the branch line net earnings, or against capital, according to circumstances, in accordance with the general usage on Indian railways.

(xix) All agreements for lines constructed under these terms shall include a special purchase clause permitting the Government of India to purchase the lines at any time, after giving one year's notice, in the following cases.

(1) When the Government of India consider it desirable that the gauge of the branch line should be altered.

(2) When it is desired to convert the branch line into a line of through communication.

(3) When the Government of India desire to extend the branch line (without altering the gauge or making the line part of a through route), and the branch line company is unable or unwilling to supply the necessary capital for such extension.

In the event of a line being purchased under this clause, the price payable shall be 25 times the average net earnings (excluding payments on account of guarantee or rebate) during the three years preceding the purchase, or 115 per cent. of the capital expenditure on the line, whichever may be the greater. All payments shall be made on a rupee basis.

(xx) The agreements shall also include an ordinary purchase clause permitting the Government of India to purchase the lines at the expiry of 30 years from the date on which the railway was declared open for traffic or at subsequent intervals of 10 years, subject to the condition that at least one year's previous notice of the intention to purchase has been given. The price payable on purchase under this clause shall be 25 times the average net annual earnings (excluding payments on account of guarantee or rebate) during the three years preceding the purchase, subject to a maximum of 120 per cent. and a minimum of 100 per cent. of the capital expenditure on the line at the time of purchase. All payments shall be made on a rupee basis.

3 Applications for concessions under these orders should be submitted in the forms prescribed by Memorandum A attached to this Resolution. Copies of the forms may be obtained on application to the Secretary to the Railway Board. Requests from promoters for information in regards existing surveys, or for new surveys—*vide* paragraph 4 (*a*)—should be addressed to the Secretary to the Railway Board. Applications for new surveys should contain the information required by Memorandum B hereto attached.

(e) of tree owners generally, and of sweet-toddy tappers in the Godavari district, and in the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the Kistna district, for not more than five trees in the case of tree owners and three trees in the case of sweet toddy tappers, for the drawing of toddy required for domestic consumption, but not for sale, and

(f) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory

In cases (a), (b), (c), (e) and (f) the licenses may be issued in the name of the applicant himself or of his nominee, and in case (d) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree-tapping licenses must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury, a Taluk treasury or a Salt treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor.

4 (1) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Inspector, Salt, Abkári and Customs Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of Salt, Abkári and Customs Department, and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned along with the application in form T.T. 6, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping license in Mysore. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier.

(2) Applications for tree-tapping licenses in the South Canara district should be countersigned by the owner of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree tax in one instalment into British treasuries and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licenses for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licenses for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly those in the Banganapalle State will be allowed to tap trees in the adjoining British territory.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8 (1) On receipt of an application, the Inspector, unless he sees special cause to the contrary, will at once take steps for the marking of the trees by an officer superior in rank to a petty officer and for the issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the Godavari district and in the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the Kistna district, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer.

11. For palmyra and date trees in the Presidency and for Dedasal (*Arenga Wightii*) trees in South Canara, tree-tapping licenses shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for cocoanut and sago trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately

following, and from 1st April or any subsequent date to the 30th September immediately following, except in the case of the trees having been illicitly tapped, when the full tree-tax may be levied.

12. The following shall be the fees payable on account of each tree for the tapping of which license is applied for :—

Districts.	Cocoanut palms (for each half-year as defined in rule 11 above)	Sago palms (for each half-year as defined in rule 11 above).	Palmyra or date palms (for the whole year as defined in rule 11 above).	Dadaul (*Aranga Wightii*) palms (for the whole year as defined in rule 11 above)

14. Every instalment of tree-tax shall be paid on the first day of the month in which it falls due.

15. For the convenience of applicants, applications will be received from 1st September or 1st March ; but no trees will be marked, nor licences issued, nor preparation of spathes permitted before 15th September or 15th March ; and no toddy shall be drawn except during the currency of the license.

16. All toddy drawn under the tree-tapping licenses granted in accordance with these rules shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct to a distillery, still or a licensed toddy shop under a general transport permit which will be granted gratis by the Inspector. In the South Canara district when a licensee desires to change the shop to which his toddy is to be taken, the permit will be amended on application and on prepayment of two annas in addition to the court-fee stamp of the value of one anna to be affixed to the application. No toddy drawn under these rules shall be sold otherwise than to a licensed distiller, still-area renter or shop keeper except at a regularly licensed shop. Tree-foot sales or sales in the open are absolutely prohibited.

SUPPLEMENT TO PART II

OF

THE FORT ST. GEORGE GAZETTE.

No. 31.] MADRAS, TUESDAY EVENING, AUGUST 2, 1910. [PRICE, 1 anna.

SALT, ABKARI AND CUSTOMS DEPARTMENT.

NOTIFICATION

No. 16, *dated* 19*th July* 1910.

NOTICE OF SALE OF ABKÁRI PRIVILEGES.

Notice is hereby given that the number of farms and independent shops appointed for the sale of liquor during the twelve months beginning 1st October 1910 and ending 30th September 1911 and the local limits appointed for them will be notified by Collectors in their District Gazettes, and that the privilege of sale therein will be put up to public auction on the dates, at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

II. The districts in which independent toddy shops, arrack farms and arrack and toddy farms, respectively, will be sold are specified below :—

Independent toddy shops.	Arrack farms.	Arrack and toddy farms.
1	2	3
Throughout the Presidency including the Banganapalle State and excluding the Nilgiri district, certain areas in the Malabar district and certain shops in the Madras Town Circle.	Cochin Town and the Attapadi valley	Seventeen outlying pattams of British Cochin

A separate notification will be issued regarding operations under the tree-tax system. Collectors will issue others regarding the tracts where special systems are in force.

III. A deposit must be made by each bidder previous to bidding and will be received by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of farms Rs. 100 will be the ordinary deposit. This will be reduced to Rs. 50 in the case of bidders for farms of an aggregate monthly rental of not more than Rs. 100 and to Rs. 10 in the case of bidders for single small farms. In the Kurnool district, the selling officer may, where he finds it necessary, require a deposit of Rs. 10 only from bidders for toddy shops. In the South Canara district, the selling officers may at their discretion reduce the deposit to Rs. 2 for shops whose average monthly rental does not exceed Rs. 2.

IV. The shops or farms will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the Collectors. The reserve price placed by Government on the shops or farms will not be published, but the average of the previous five years' rentals will be notified by the Collectors, wherever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Abkári Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the

detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative, after recording his reasons for doing so. Village officers will not be allowed to bid for, or to have any direct interest in shops for the sale of intoxicants.

VII. The shops and farms will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless revised by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any officer appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken or the shop or farm re-sold at his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit * of half a month's rent (in addition to the deposit made under clause III) for each shop or farm unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause III will be forfeited and the farm or shop will be put up again immediately by the selling officer on the above conditions or otherwise disposed of by the Collector and the defaulter will be debarred from bidding again for the same or for any other farm or shop.

X. Persons to whom farms and shops have been knocked down and who have made deposits as provided in clauses III and IX shall also deposit * such further sum as with the former deposits will make up two months' rent (to be paid within ten days from the date of communication of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed the sum required to be deposited under this clause, the excess will be refunded unless the purchaser is required to deposit twice that sum under clause XI *infra*.

XI. If an enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency, he may be required either to deposit twice the sum prescribed in clause X *supra*, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 34, schedule I, Act II of 1899) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the requisition under clause XI *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop or farm re-sold under the orders of the Divisional Officer on the dates notified by the Collector or otherwise disposed of by the latter officer.

XIII. Re-sales effected under clause XII will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with original sale.

XIV. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Tahsildar † and licensee so agree, it may be credited towards the last instalments of the kists payable by the latter.—

The licenses issued under the above clauses will contain the following general conditions common to all abkári and opium licenses and the special conditions prescribed below.

General Conditions applicable to all Abkari and Opium Licenses.

1. Contract suppliers of country spirits are prohibited from holding within their contract areas any interest in the retail vend of arrack or in the vend of other intoxicating liquors such as toddy, foreign liquor and beer, and from employing any person who has such interest. This prohibition does not extend to the wholesale supply of foreign liquor or of rectified spirit to licensed vendors; nor does it prevent them from holding an interest in the retail sale of country spirits in areas other than those for which they have been granted the supply contract, or from holding ganja and opium shops either within or without their contract areas.

2. The limits within which sales under any abkári or opium license may be carried on will be specified by the Collector at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communication between the depot or shop and an adjoining dwelling-house, they must be kept locked at night. In the case of arrack shops and taverns in Municipalities, or towns having a population of 20,000 and over, the shop premises shall have no doors except into the main street; there shall be no possible means of ingress or egress in any other direction; the interior of the shop shall be sufficiently lighted by day and the shop shall not be used as a place of residence save by the vendor and his family or caretakers.

4. Except in the case when two or more foreign liquor licenses are held by one person, sales under each license issued must be in different premises (chemists and druggists and medical practitioners excepted). The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor is prohibited. But intoxicating drugs made from opium or the poppy other than morphia or preparations for smoking may be prepared and sold in shops.

* Deposits may be in cash or other approved security.

† Includes Deputy Tahsildar in independent charge.

Licensed for the sale of opium. In shops which are clearly of a superior character private bars may be sparingly allowed by the Collector, under a special license to be granted by him free of fee, provided that the interior of the bar is wholly visible from the doorway and that the entrance to it is either through the main door of the shop or through a separate door clearly labelled, or provided with a proper sign-board to show its nature.

5. A sign-board must be affixed to the front of each depot or shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and, in the case of taverns and wholesale depots, in English also. The license must be hung up in a conspicuous place within.

6. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to opium and intoxicating drugs either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. Nothing shall be added to liquor except in compounding in accordance with the terms of a license. Nor shall different kinds of liquors be mixed and sold under the designation of one of them. All officers authorized to inspect depots and shops (*vide* condition 23 *infra*) are authorized to detain any liquor, opium or intoxicating drugs found unfit for consumption or use, or which they may believe to have been tampered with in any way, and all Collectors and Deputy and Assistant Commissioners of the Salt, Abkári and Customs Department are empowered to confiscate or destroy any liquor, opium, or intoxicating drugs unfit for consumption or use or which have been tampered with, and all liquor to which liquor of another description has been added and which is being offered for sale under the name of one of the liquors so mixed.

7. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of 14 or by persons suffering from leprosy or any contagious disease and the employment of such persons in shops or depots for the sale of the same are prohibited. The Divisional Officer may, where necessary, call for the names of all persons employed or proposed to be employed in depots or shops and forbid the sale of liquor, opium or intoxicating drugs by any person of whom he may disapprove.

8 No depot or shop shall be opened before sunrise or kept open after 9 P.M. except under special authority. In Madras sales after 9 P.M. will be allowed only in special cases under separate licenses and on payment of such fees as may be prescribed by the Collector.

9 No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police officer.

11. No person shall be harboured in any depot or shop during the night.

12 Depots and shops situated on or adjacent to the line of march must be closed, if the Collector so orders, while a regiment or detachment of European or native soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shopkeeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13 The Collectors may order the transfer of depots and shops from one locality to another, or their closure or the opening of new depots and shops within limits as to number to be fixed by the Board of Revenue in their discretion. But no new shops should be opened unless notice of the sites selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interests of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Board. Tahsildars may at any time permit the transfer of a shop within the limits notified for the shop in the sale notice.

14. The right is reserved to the Collector to grant "Occasional Licenses" for the sale of liquor, opium and intoxicating drugs, on the occurrence of fairs, festivals, etc., only in places in the vicinity of which there are no regularly licensed shops. This power in regard to country spirits and toddy may also be exercised by Divisional Officers. Such licenses should be issued only when absolutely necessary and shall ordinarily be granted to the shopkeepers who usually supply the locality or to the representatives of the renter. The licenses shall run only as long as they are actually required not exceeding ten days. Not more than one license shall be issued for a fair or festival without the sanction of the Board. The fees to be paid for the licenses shall be fixed at the discretion of the officers issuing them.

15 No liquor, opium or intoxicating drug shall be sold or given—

(*a*) Except at shops specially approved by the General Officer Commanding the Division (or Independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(1) to sailors of the Royal Navy, soldiers and the members of their families, or

(2) to any other person living in barracks;

(*b*) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, all class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;

(2) to Policemen, Excise officers and Railway servants when on duty; or,

(*c*) in any circumstances, to any—

(1) European vagrant under escort of the Police;

(2) child under fourteen years of age;

(3) insane person; or

(4) person known or believed to be intoxicated.

Note.—The restrictions in (*a*) and (*b*) do not apply to Native soldiers, their families and followers when they are absent on leave from their regiments.

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any abkári or opium license will be allowed, without special permission from the Collector, to possess any interest in any abkári or opium license in any foreign territory or British territory in which the duty is lower, adjacent to the district in which he holds his license.

18. Depots and shops must be kept open unless their temporary or permanent closure is authorised under condition 12 or 13 *supra* and such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained therein. Shops not opened by dates to be fixed by the Collector shall be liable to be resold at the risk of the licensees.

19. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

20. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

21. No liquor, opium or intoxicating drug in excess of the quantity prescribed ‡ for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit; nor shall liquor or intoxicating drug be sold at wholesale depots in quantities less than the minima prescribed.

22. True accounts of transactions shall be maintained from day to day in ink in the prescribed form § The accounts and permits shall be in printed books. The account books may be obtained from local Revenue officers on payment of cost price. The permit books can be obtained at all Circle offices on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, opium or intoxicating drugs received and the counterfoils of permits issued must be carefully filed The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the license and shall be produced when called for by an officer not below the rank of Assistant Inspector of the Salt, Abkári and Customs Department.

23. Such returns and information as may be required by the Divisional Officer from time to time shall be furnished by holders of licenses.

24. Only such weights and measures as may from time to time be prescribed by the Commissioner of Salt, Abkári and Separate Revenue shall be possessed or used on any licensed premises, and they shall be tested and stamped by the stamping establishment of the district if the Collector shall so direct. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment.

25 The officers authorised to inspect licensed shops and depots are—

(1) any officer of the Revenue Department of rank not lower than Revenue Inspector, and

(2) any officer of the Salt, Abkári and Customs Department of rank not lower than Sub-Inspector.

These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, opium and intoxicating drugs in the possession of the licensees, and to call for and check the accounts kept in the shop or depot Police officers will also make inspections when it comes within the scope of their duty.

26 An inspection note-book, with the pages numbered consecutively, for inspecting officers to enter their remarks in, shall be maintained, and be handed over to the Inspector of the Circle or any officer authorized by him to receive it on a receipt being given therefor.

(i) the nature and the circumstances of the offences in which the members of the criminal tribe are believed to have been concerned, and the reasons for such belief ;

(iii) the area to which it is proposed to restrict the movements of such criminal tribe, or the place of residence in which it is proposed to settle it ; and
(iv) the manner in which it is proposed that such criminal tribe shall earn its living within the restricted area or in the settlement, and the arrangements which are proposed to be made therefor.

Notification restricting movements of, or settling, tribe.

12. If on the consideration of any such report the Governor General in Council is satisfied— [*Cf.* Act, ss. 5, 13 and 15.]

(*a*) that it is expedient to restrict the movements of such criminal tribe, or to settle it in a place of residence, and
(*b*) that the means by which it is proposed that such criminal tribe shall earn its living are adequate,

he may authorise the Local Government to publish in the local official Gazette a notification declaring that such criminal tribe shall be restricted in its movements to the area specified or shall be settled in the place of residence specified, and the Local Government may publish a notification accordingly.

Power to vary specified area or place of residence.

13. The Local Government may at any time by a like notification vary the terms of any notification published by it under section 12 by specifying another area to which the movements of the criminal tribe shall be restricted, or another place of residence in which it shall be settled. STATEMENT OF OBJECTS AND REASONS.

ACT XXVII of 1871, which contains the existing law on the subject of criminal tribes, does not allow of such tribes being proclaimed and registered unless they are first settled and provided with means of living by Government. The application of the Act is thus greatly restricted, and the majority of these tribes are left free to wander and commit crimes without any adequate check on their movements and depredations. Useful control can be exercised without restricting unduly the movements of the members of these tribes and without, therefore, the need for providing means of livelihood which is impracticable made a condition of settlement. The object of this Bill is to enlarge the power of control by enabling Local Governments to proclaim criminal tribes, and provide for the registration of their members, without reference to the possibility of settlement or of the provision of means of living. The provisions regarding settlement, however, are retained, with such modifications as are necessary, for application, if required, after the proclamation of a tribe; but before the movements of a tribe can be restricted in a specified area the Local Government must satisfy the Governor General in Council that the means by which it is proposed that the tribe shall earn its living within that area are adequate.

2. The details of the new provisions, and of all amendments of importance, are explained in the *Notes on clauses*.

The 21st May 1910.

J. L. JENKINS.

Notes on Clauses.

The Bill proposes to repeal the Criminal Tribes Act, 1871. The provisions of Part II of the Act relating to eunuchs are in force only in the United Provinces, and it is proposed with the assent of the Local Government not to reproduce them in the Bill. It is proposed to extend the new Act, which corresponds to Part I of the present Act, to the whole of British India. Its provisions are permissive only and are applicable throughout.

Definitions.—These call for no special remarks.

Power to declare a criminal tribe and to apply the provisions of the Bill to it

Clause 5.—The intention is to give power to Local Governments to declare a tribe to be criminal and thereafter to register members, to take finger-prints and generally put the tribe under observation. The power of subsequently restricting them or confining them to a settlement will remain guarded in the same way as it now is by sections 2 to 4 and sections 17 and 17A of the present Act, *vide* clauses 11 and 12 and 16 and 17.

Register of members of criminal tribes

Clause 4 follows section 7 of the Act. It may be necessary to register part of the tribe in one district and part in another or others, especially in the case of wandering tribes and those which reside in scattered groups. Such registration will always be a matter of great difficulty, and the power to register should therefore be made as wide as possible.

Procedure in making register.

Clause 5 follows section 8 of the Act and adds a provision for taking finger impressions.

Charge of register.

Clause 6 follows section 10 of the Act.

Alterations in register.

Clause 7 follows section 11 of the Act, but dispenses with, as unnecessary, the provision requiring the Magistrate's initials and his order for every addition of information regarding persons already registered.

Complaints of entries in register.

Clause 8 follows section 12 of the Act, but omits the second paragraph requiring reasons to be recorded for an order for erasure from the register. The recording of reasons in such a case is not required for the protection of the subject and, on the other hand, no Magistrate is likely to order an erasure unless there are clear reasons for doing so.

The third paragraph of the existing section 12, which gives the Commissioner power to review the Magistrate's order, also is omitted as, in practice, the Magistrate's order is seldom modified by the Commissioner, and it is in accordance with tendencies to decentralize authority as far as possible. It is, however, recognized that an order of registration does impose heavy disabilities on the subject of it, and an appeal to the Commissioner as regards such orders will be allowed if the Local Governments desire it.

Power to take finger-impressions at any time.

Clause 9 provides specific power to take fresh finger-impressions which will often be necessary, although first impressions can be taken under sections 5 and 7.

Clause 10 is a new provision to empower the Local Government without a previous reference to the Government of India to direct a registered member of a criminal tribe to notify his residence, and any absence from or change of residence.

Clause 11 prescribes the procedure to be followed when it is desired (*a*) to restrict the movements of a criminal tribe to a specified area, or (*b*) to settle it in any place of residence. The clause follows closely sections 3 and 4 of the Act.

Clause 12 is based on sections 5 and 13 to 15 of the Act, and gives authority to the Governor General in Council to sanction the restriction or settlement referred to in the preceding clause.

Delegation of power to any officer under a Local Government to change specified area.

Clause 13.—It is considered that the movements of a tribe should be restricted to an area which should be large enough to enable them to earn a living while small enough to insure their being kept under efficient observation; that this area should not be larger than a district, but that it should be permissible to allow the district to which movement is restricted to be changed from time to time.

Verification of presence within prescribed area.

Clause 14.—The provisions of this clause, which require every registered member of a criminal tribe whose movements have been restricted to report himself in order that it may be ascertained whether he is present within the prescribed area, are embodied by implication in clause (7) of section 15 of the Act, but it is considered desirable to have a substantive provision on the subject instead of leaving it to the rule-making clause.

Transfer of register.

Clause 15.—This follows section 16 of the Act, but omits reference to the Commissioner because in practice the Magistrate's order is seldom modified and with the object of decentralising authority (*vide* the remarks on clause 9).

Power to place tribe in reformatory settlement.

Clause 16 follows section 17 of the Act; concurrent power being given to the Governor General in Council in order to enable provision to be made for extra-provincial settlements.

Reformatory schools for children

Clause 17 follows section 17A of the Act. In sub-clause (1) the words "or guardian" have been added after "parents" as it is considered that it might be desirable to remove children whose parents are dead or absent. In sub-clause (3) the Reformatory Schools Act VIII of 1897, has been followed, as the power of employing inmates of reformatory schools under license which is given by section 18 of the Reformatory Schools Act is found in practice to be more useful than the power to apprentice. The latter power is, however, given in section 22 of the Reformatory Schools Act and has been included. The Bill makes the section applicable to the children of such tribes only as have, under the authority of the Governor General in Council, been restricted to a specified area or settled in a place of residence.

Discharge or removal from a reformatory school or settlement.

Clause 18 follows section 14 of the Reformatory Schools Act, but an addition has been made by which the order for removal or discharge may be general or special.

Transfer to a reformatory school or settlement in any part of British India.

Clause 19 follows section 15 of the Reformatory Schools Act.

Power to make rules.

Clause 20 is in the main identical with section 18 of the Act and such changes as have been made explain themselves. Clause (10) of section 18 has been omitted as it seemed unnecessary, the ground being covered by sub-clauses (*e*) and (*f*) of this clause. It is considered desirable to make provision for the grant of passes to persons settled in places of residence and placed in reformatory settlements, and this has been done by clause 20 (*f*).

Clause 21 follows section 9 of the Act, but a specific penalty has been provided for the offences instead of bringing them under sections 174, 176 and 177 of the Indian Penal Code. It is proposed that the amount of fine should be reduced to Rs. 200 as more proportionate to the class of offence to be dealt with and also to the powers of the class of Magistrate competent to deal with the case. The offences have been made cognizable, as it is most important that the police should have power to arrest without warrant. Refusal to allow finger-marks to be taken has also been made an offence.

Penalties and procedure.

Clauses 22 to 27 follow sections 10 to 22 of the Act.

The amount of fine is not specified in the Act. It is now the universal practice when fines are provided for to specify the amount and not leave the matter to the discretion of Courts. It is accordingly proposed that Rs. 200 should be fixed for clause 22 (2) (*a*), Rs. 500 for clause 22 (2) (*b*) and Rs. 1,000 for clause 24 of the Bill as proportionate to the class of offence to be dealt with and to some extent to the power of the Magistrate competent to deal with the case. Sections 13 and 19A of the Act provide that the imprisonment shall be rigorous, and section 19 renders the offender also liable to whipping. It is thought desirable to omit the liability to whipping and to leave the Court free to impose imprisonment of either description. Clauses 22 and 23 embody these views.

Clause 28 follows section 6 of the Act. It has been revised in accordance with the alteration in clause 3 of the Bill and placed at the end of the Act where it is considered most appropriate.

Schedule.—The schedule to the present Act enumerates the offences for which, under section 19A, the maximum punishment to a member of a criminal tribe committing them is prescribed. Offences against the coinage and house-breaking by night are omitted from the schedule. As certain criminal tribes are specially addicted to these crimes, they have been included in the schedule attached to the Bill.

Under the present Act the sanction of the Governor General in Council is required for nearly every act of the Local Government. This involves an unnecessary and undesirable centralization of powers, and accordingly the Bill gives Local Governments full powers except in respect of action to be taken under clause 12.

XI of 1886. WHEREAS it is expedient further to amend the Indian Tramways Act, 1886; It is hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Tramways (Amendment) Act, 1910.

(*b*) any electrical equipment of a tramway; and

(*c*) any electric supply-line transmitting power from a generating station or sub-station to a tramway or between any such generating station and a sub-station."

Amendment of clause (*7*) of section 3, Act XI of 1886. 3. In section 3, clause (*7*), of the said Act, after the word "steam-power" the words "electrical power" and after the word "producing" the words "or utilising" shall be inserted.

Substitution of new clause (*i*) in section 7 (*3*), Act XI of 1886. 4. For section 7, sub-section (*3*), clause (*i*), of the said Act, the following shall be substituted, namely :—

"(*i*) the space which shall ordinarily intervene between the outside of the carriage way on either side of a road whereon the tramway is to be constructed, and—

(*i*) in the case of a tramway having one rail, the rail of the tramway, or

(*ii*) in the case of a tramway having two or more rails, the nearest rail of the tramway,

and the conditions on which a smaller space may be permitted."

Amendment of clause (*m*) of section 7 (*3*), Act XI of 1886. 5. In section 7, sub-section (*3*), clause (*m*), of the said Act, after the word "steam-power" the words "electrical power" shall be inserted.

Amendment of clause (*c*) of section 24 (*1*), Act XI of 1886. 6. In section 24, sub-section (*1*), clause (*c*), of the said Act, after the word "steam-power" the words "electrical power" shall be inserted.

Amendment of section 44, Act XI of 1886. 7. In section 44 of the said Act, after the word "engine-sheds" the words "electrical generating stations or sub-stations" shall be inserted.

STATEMENT OF OBJECTS AND REASONS

THIS Bill has two objects; the application of the Indian Tramways Act, 1886, to monorails, and the inclusion within the provisions of that Act of tramways worked by electricity.

2. Under existing law a monorail may be either a railway or a tramway, according to the circumstances in which it may have been constructed. It is not considered desirable that monorails, which are usually designed for the local transit of goods over very short distances, should be subject to all the limitations imposed by the Indian Railways Act, 1890, until the necessity for their being so subject has been fully demonstrated. It is therefore proposed to free them from these limitations and to treat them as tramways.

3. The Indian Tramways Act, 1886, was passed before the introduction into India of electric traction; and it is desirable that it should now be so amended as to bring electric tramways within its scope.

B. ROBERTSON.

The 6th July 1910.

Notes on Clauses.

Clause 2.—This clause substitutes for the existing definition of "tramway" a definition—

(*a*) making it clear that the term includes a monorail, and

(*b*) bringing within the definition the electric appliances necessary to a line worked by electric traction.

Clause 4 makes an amendment in the existing law consequential on the application of the Act to monorails.

Clauses 5, 6, 6 and 7 make such amendments in the sections to which they relate as are necessary to subject lines worked by electric traction to the provisions of the Act.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 22nd July 1910 :—

No. 14 of 1910.

A Bill further to amend the Cantonments Act, 1889.

XIII of 1889. WHEREAS it is expedient further to amend the Cantonments Act, 1889; It is hereby enacted as follows :—

Short title. 1. This Act may be called the Cantonments (Amendment) Act, 1910.

Amendment of section 7, sub-section (2), Act XIII, 1889. XIII of 1889. 2. For section 17, sub-section (2), of the Cantonments Act, 1889, the following shall be substituted, namely :—

"(2) When any tax is leviable in a cantonment in pursuance of a notification under sub-section (1), the Local Government, subject to the like sanction, may, by a like notification, apply or adapt to the cantonment the provisions of any enactment or rules in force at the date of the notification in any municipality within the territories administered by such Government relating to—

(a) the assessment, collection or recovery of any tax;
(b) the refund or remission of, or exemption from, any such tax; and
(c) the punishment of any breach of such enactment or rules."

Amendment of section 26, Act XIII, 1889. 3. In section 26, clause (17), of the said Act, after the words "traffic on roads" the words "and across unenclosed spaces under the control of the Cantonment-authority" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Section 17, sub-section (2). In applying or adapting to a cantonment, under section 17, sub-section (2), of the Cantonments Act, 1889, enactments or rules in force in a municipality for the assessment and recovery of a tax, provisions for the punishment of a breach thereof cannot, however, be similarly applied or adapted. Such a provision has now to be separately notified under section 25 of the Act. It has therefore been considered desirable to expand the provisions of the above sub-section so as to cover the application or adaptation of a penal rule or enactment.

Section 26, sub-section (17). Further, it has been found necessary to provide against the creation of short cuts and the establishment of rights of way across parade-grounds, regimental recreation-grounds, ornamental plots and other grass lands, as also unenclosed spaces near barracks in cantonments.

It has been found that no sufficient power at present exists to prevent these unenclosed spaces being cut up by cart-wheels and fouled with the droppings of oxen and ponies, to the detriment of the appearance of the cantonment, loss to the funds and, occasionally, some danger to health and the general safety. It is therefore necessary to regulate traffic across unenclosed spaces under the control of the Cantonment-authority.

It is intended that a notification of prohibition of thoroughfare, where it is found necessary to restrict traffic, shall be conspicuously placed by the Cantonment-authority so that persons found disregarding the warning might be dealt with under the power now sought.
